

Colder Quick Couplings

PLC Series Plastic Quick Disconnect Couplings

The 1/4" flow PLC Series is the most popular group of couplings from CPC. Proven worldwide in thousands of applications, the PLC line offers the widest selection of sizes and configurations. PLC couplings are injection molded from acetal thermoplastic, are durable and resistant to most mild chemical solutions. One-handed connection / disconnection plus integral terminations make the PLC Series the choice for ease of use and manufacture.

- CPC thumb latch
- One-hand connection and disconnection
- Integral terminations
- Fewer leak points, shorter assemblies, faster installations
- Clicks when connected
- Assurance of a reliable connection
- Compatible
- Mates with LC Series couplings

LC Series Chrome-Plated Brass Couplings

The 1/4" flow LC Series couplings are one of the original product lines from CPC. The LC Series features chrome-plated brass construction for durability and an attractive appearance.

- Brass material
- Durable and able to withstand higher pressure and temperature
- Chrome plating
- Attractive appearance
- High temperature capability
- Versions rated to 400°F (204°C)
- CPC thumb latch
- One-hand connection and disconnection

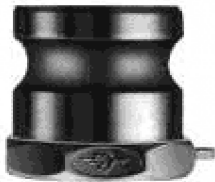

Quick Disconnect Couplings

PT Coupling is the leading manufacturer of cam and groove style hose couplings. Our products, including Punch-Lok Hose Clamps, small brass fittings, couplings for industrial applications, and ProGrip Couplers are distributed worldwide. Our goal is to deliver the best quality and service to our customers.

Available in: Aluminum, Brass, Stainless Steel, Carbon Steel, Ductile Iron, Hard Coat Aluminum, Nylon, Polypropylene

Coupling Types Include:

**Male Adapter x
Female Thread**

**Female Coupler x
Hose Shank**

**Female Coupler x
Male Thread**

**Female Coupler x
Female Thread**

**Female Coupler x
Hose Shank**

**Female Coupler x
Male Thread**
