

**Dri coPlex® PE 3408 HDPE Piping System  
Municipal and Industrial Application and Standard**

**Legend for Typical Feature :**

1. IPS sizing system.
2. FMR Approved Class 150 or Class 200 in 2" - 24" IPS pipe size.
3. A single longitudinal color stripe is extruded into the pipe OD to identify DR.
4. Various perforation patterns are available.
5. DIPS sizing system.
6. The DIPS longitudinal color stripe pattern is three equally spaced pairs of color stripe extruded into the pipe OD.
7. Blue color stripe are standard. A blue color hell is available on special order.
8. The IPS longitudinal color stripe pattern is four equally spaced single color stripe extruded into the pipe OD.
9. Green color stripe are standard. A green color hell is available on special order.
10. Red color stripe standard.
11. Purple color stripe are standard. A lavender color hell is available on special order.
12. Solid light gray color.
13. Light gray color lining extruded into pipe ID.
14. Factory embossed casing and carrier.
15. Green color stripe are standard.
16. 1-1/2" IPS and smaller size only. Black is standard.
17. FMR & NSF Approved Class 150 or Class 200. Blue color stripe standard.
18. FMR Approved Class 150 or Class 200 in 4" - 24" DIPS pipe size.
19. Black is standard. Blue color stripe or blue color hell available on special order.
20. 2" IPS and 3" IPS made to ASTM D 3035, AWWA C901 and NSF 61. 4" IPS and larger made to ASTM F 714, AWWA C906 and NSF 61.

Typical Market for Pipe and Fitting	Dri coPlex® Series Pipe	Typical Feature
FMA Approved Underground Fire Main	Dri coPlex® 1500 Pipe	2, 8, 10
		2, 8, 17
	Dri coPlex® 1600 Pipe	6, 10, 18
Mining	Dri coPlex® 1700 Pipe	6, 17, 18
Perforated Pipe	Dri coPlex® 1900 Pipe	1, 3
Water Distribution	Dri coPlex® 4000 Pipe	1, 4
Municipal & Industrial, Water Distribution	Dri coPlex® 4100 Pipe	5, 6, 7
Sanitary Sewer & Trench Rehabilitation	Dri coPlex® 4200 Pipe	1, 8, 19, 20
	Dri coPlex® 4300 Pipe	8, 9
Treated/Reclaimed Water	Dri coPlex® 4400 Pipe	5, 6, 9
	Dri coPlex® 4500 Pipe	8, 11
Industrial Sewer, Municipal Sewer, Sliplining & Trench Rehabilitation	Dri coPlex® 4600 Pipe	1, 12
	Dri coPlex® 4700 Pipe	5, 6, 12, 15
	Dri coPlex® 1200 Pipe	1, 13
	Dri coPlex® 1400 Pipe	5, 13
Dual Containment	Dri coPlex® 2400 Pipe	1, 14
Industrial Specialty	Dri coPlex® 1000 Pipe	1, 16
NOTICE. Capabilities vary from manufacturing plant to manufacturing plant. Contact Performance Pipe to determine the availability of specific product and the availability of particular stripe or hell color, striping pattern, and IPS or DIPS sizing.
