

**IPS & DIPS Bell MJ Adapter With Kit**

**INDEPENDENT  
PIPE PRODUCTS**

**Connect HDPE to Plain End Ductile Iron or PVC**  
(Dimension in Inche )

This kit enable HDPE pipe to be fitted with a bell end in order to accept ductile iron pipe or DIPS OD PVC pipe (also can accept IPS OD PVC pipe by using a transition gasket). This eliminate the need for a ductile iron solid sleeve when making this connection. Bell MJ Adapter are fully pressure rated for DR ordered and are AWWA compliant at no extra charge.

This kit include the HDPE Bell MJ fitting with stainless steel reinforcing collar, ductile iron gland ring, gasket and extra length T-bolt . Retaining gland are available for ductile iron pipe or PVC pipe and are sold separately. IPS transition gasket are also available and sold separately.

Patent application pending
