

## JCM Coupling for Polyethylene Pipe

# JCM INDUSTRIES

Optional Fusion Epoxy Coating and  
Stainless Steel Bolt

Wide Gauge for maximum gauge to  
pipe contact and stored energy.

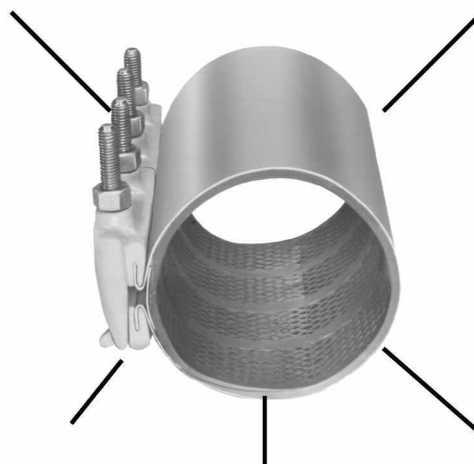

Mechanical Joint Principle allow system to  
be disassembled for maintenance

Maximum Number of Bolt

## JCM Universal Clamp Coupling for Polyethylene Pipe

Low Profile Lug

Certifiable 304 Stainless Steel Band  
(Heavier gauge in size 10" and larger)

Heavier Bolting System on  
clamp 10" and larger.  
Replaceable Bolt .

1/4" Thick Gauge

Range accommodate  
pipe O.D. and fluctuating  
characteristic.
